Placement is not Upto mark and Need more transperancy in system..

Could increase the reading area in the library.

Placement data should be audited and actual figures should be shown.

Great and supportive staff.

Good college for overall education wise but needs to put lot of work on industry exposure and placements. Placements were really poor. College/Staff should back students financially to do more outdoor activities/campaigns/seminars/events.

Investing in students by time, money and physically will help this institute on longer run. One more thing... This happened a lot of times that college just expects us to fill feedback forms and don't do much on that. Take feedbacks/reviews seriously. 2019-2021 batch wasn't really happy with the time they had at college. Reasons can be many things as pandemic, placements etc.

Time to change it!

All the best!

Computers should be updated, Wifi Speed speed should be better,

Teaching is good and college can be more strict .and placement can get better with the college is considered to be old and reputed.(Wadia group is bigger name in India) so reputed companies should visit for campus placements as students will also work hard and focus more.

Need more washrooms and Girls Rest Room
